

Transforming Clinical Practice Initiative (TCPI)

Background and Goals

Transforming Clinical Practice Goals

- 1 Support more than 140,000 clinicians in their practice transformation work
- 2 Improve health outcomes for millions of Medicare, Medicaid and CHIP beneficiaries and other patients
- 3 Reduce unnecessary hospitalizations for 5 million patients
- 4 Generate \$1 to \$4 billion in savings to the federal government and commercial payers
- 5 Sustain efficient care delivery by reducing unnecessary testing and procedures
- 6 Build the evidence base on practice transformation so that effective solutions can be scaled

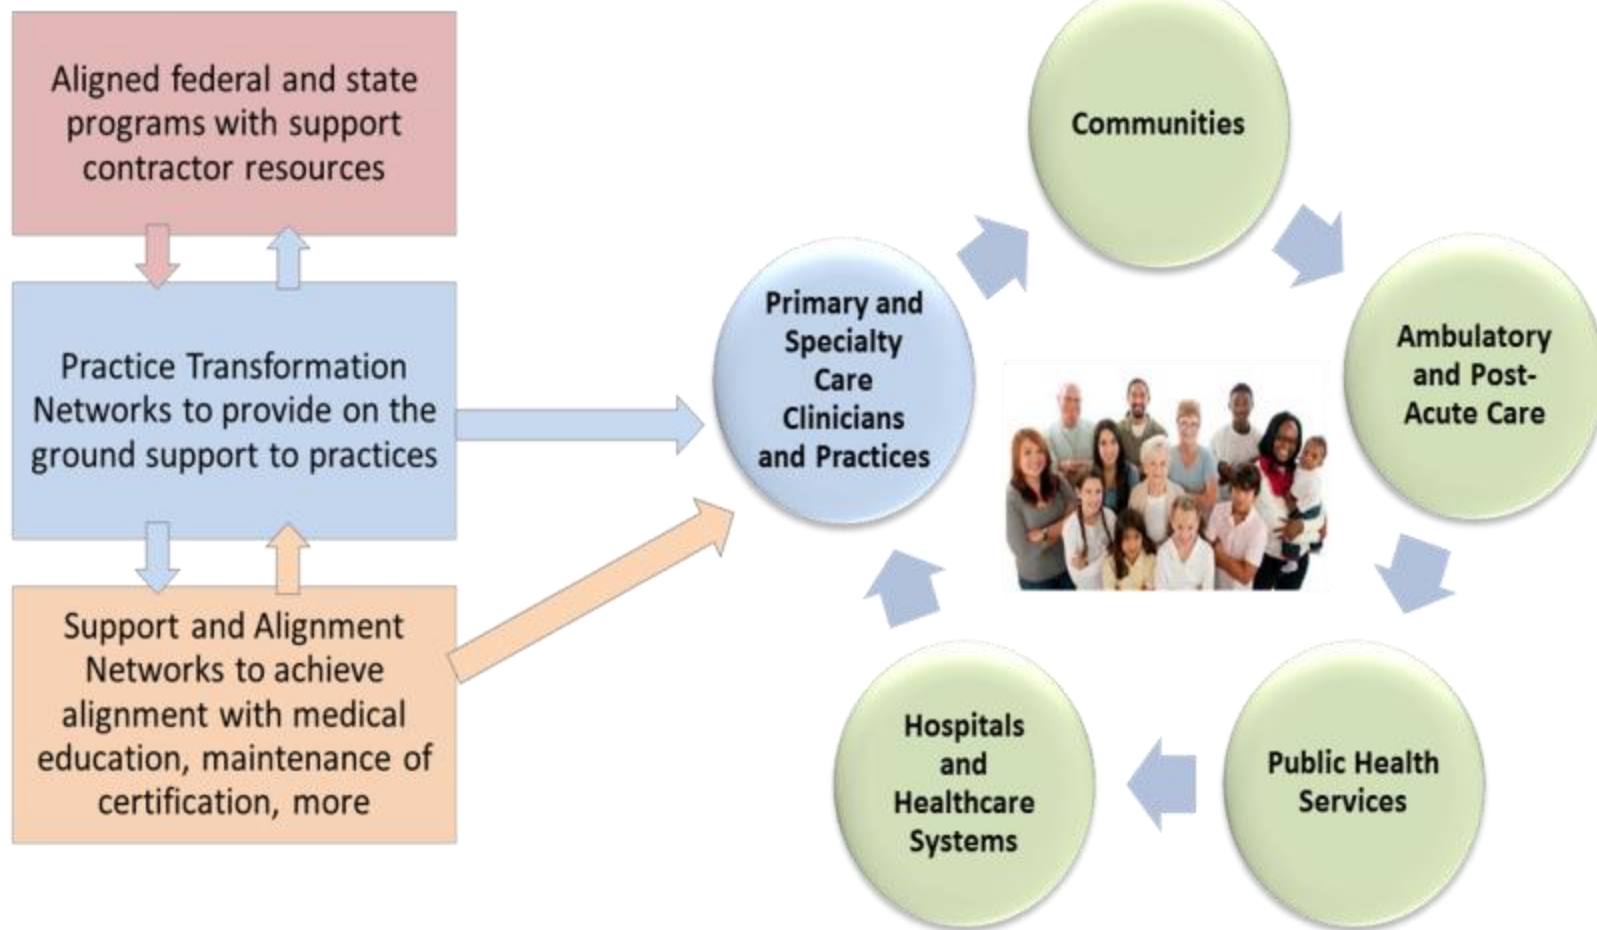

What are the 5 phases of TCPI?

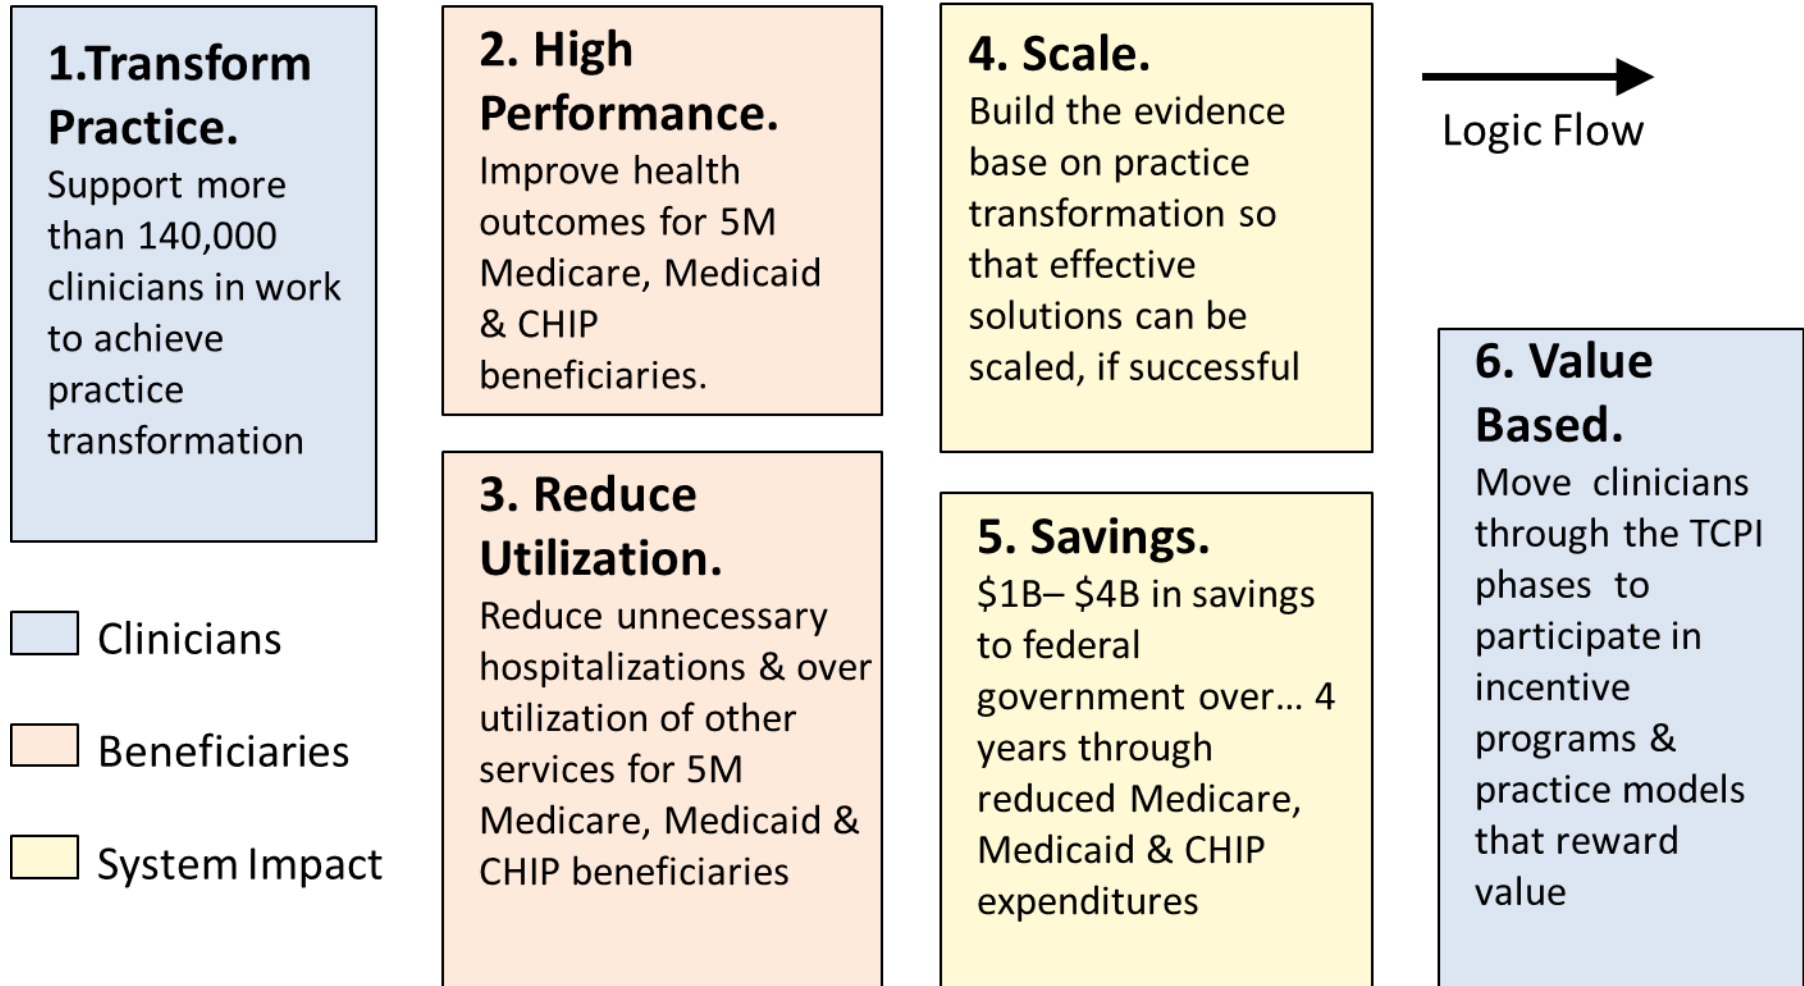

Practice Transformation in Action

*Transforming Clinical Practice would employ a **three-prong approach** to national technical assistance.*

*This technical assistance would enable large-scale transformation of more than **140,000 clinicians'** and their practices to deliver **better care and result in better health outcomes at lower costs.***

Overall Aims of the TCPI Model

Draft TCPI Driver Diagram

TCPI Aim/Goals	Primary Drivers	Secondary Drivers
<div>1. Support more than 140,000 in their practice transformation work.</div> <div>2. Build the evidence based on practice transformation so that effective solutions can be scaled.</div> <div>3. Improve health outcomes for millions of Medicare, Medicaid and CHIP beneficiaries and other patients.</div> <div>4. Reduce unnecessary hospitalizations for 5 million patients.</div> <div>5. Sustain efficient care delivery by reducing unnecessary testing and procedures.</div> <div>6. Generate \$1 to \$4 billion in savings to the federal government and commercial payers</div> <div>7. Transition 75% of practices completing the program to participate in Alternative Payment Models</div>	Continuous Quality Improvement Driven by Small Tests of Change and Effective Use of Test Results Data	Engaged Leadership and Leadership Commitment/Culture of Improvement
		Quality Improvement Strategy
		Optimal Use of HIT
	Comprehensive Care Design	Empanelment
		Integrated Care Delivery
		Organized Evidence Based Care
		Patient Centered Interactions
		Enhanced Access
		Care Coordination
	Business Operations	Develop a sustainable approach for continual improvement to support better care, smarter spending and healthier people
		Enhanced Revenue and Cash Flow
We acknowledge Qualis Health in partnership with the MacColl Center for Health Care Innovation at the Group Health Research Institute; the Center for Medicare and Medicaid Innovation ‘Comprehensive Primary Care’ model; the many Federal Partners that have provided feedback and input; and the numerous practices interviewed by the TCPI team.		

Transforming Clinical Practice Initiative (TCPI) Assessment Tool

- Aligns with the five phases of Practice Transformation in the TCPI framework.
- The tool will be used to determine the practice's position on the transformation phase continuum.
- QIN-QIOs will team with the PTNS to help practices complete the tool.
- Results will be shared among the QIN-QIOs, PTNS, CMS and practices to guide improvement and learning.

Key Accountabilities of Support & Alignment Networks

- Pursue and achieve the quantitative AIMS of the initiative.
- Align Their Multiple Programs and Drivers with Aims & Activities of TCPI Initiative:
 - Continuing Medical Education
 - Maintenance of Certification
 - Registries
 - Journals, Newsletters, Messaging to Members
 - Professional Standards & Requirements
 - Annual Meetings
 - Awards Programs
- Help Recruit Members Into Initiative and Sustain Their Active Engagement Over 4 Years
- Support Practices with Person & Family Engagement

Transforming Clinical Practice Initiative: Support & Alignment Networks (SANs)

- American College of Emergency Physicians
- American College of Physicians, Inc.
- American College of Radiology
- American Medical Association
- American Psychiatric Association
- HCD International, Inc.
- National Nursing Centers Consortium
- Network for Regional Healthcare Improvement
- Patient Centered Primary Care Foundation
- The American Board of Family Medicine, Inc.

Key Accountabilities of Practice Transformation Networks

- Pursue and achieve the quantitative AIMS of the initiative
- Recruit clinicians/practices and build strategic partnerships
- Lead practices in continuous improvement and culture change
- Facilitate improved clinical practice management
- Utilize quality measures and data for improvement

Transforming Clinical Practice Initiative: Practice Transformation Networks (PTNs)

- Arizona Health-e Connection
- Baptist Health System, Inc.
- Children's Hospital of Orange County
- Colorado Department of Health Care Policy & Financing,
- Community Care of North Carolina, Inc.
- Community Health Center Association of Connecticut, Inc.
- Consortium for Southeastern Hypertension Control
- Health Partners Delmarva, LLC
- Iowa Healthcare Collaborative
- Local Initiative Health Authority of Los Angeles County
- Maine Quality Counts
- Mayo Clinic
- National Council for Behavioral Health
- National Rural Accountable Care Consortium
- New Jersey Innovation Institute
- New Jersey Medical & Health Associates dba CarePoint Health
- New York eHealth Collaborative
- New York University School of Medicine
- Pacific Business Group on Health
- PeaceHealth Ketchikan Medical Center
- Rhode Island Quality Institute
- The Trustees of Indiana University
- VHA/UHC Alliance Newco, Inc.
- University of Massachusetts Medical School
- University of Washington
- Vanderbilt University Medical Center
- VHQC
- VHS Valley Health Systems, LLC
- Washington State Department of Health
