

Pneumococcal Disease

Dale
(Asthma)

Jean
(Heart Disease)

Ernie
(Healthy)

Elsie
(Diabetic)

What do all these people have in common?

They are all at increased risk for an infection called **Pneumococcal Disease.**

This deadly infection can strike quickly.

Getting vaccinated is the safest, most effective way to protect yourself.

If you are an adult with a chronic health condition such as asthma, diabetes or heart disease OR you are 65 or older, you are at risk.

Ask about the vaccination today!
